* Grants to Combat Violence Against Women are not authorized as a distinct category in VAWA. Rather, STOP Grants are authorized at \$225 million and Transitional Housing is authorized as its own line item for \$40 million. However, Congress traditionally appropriates an amount for Grants to Combat VAW and then deducts unrelated programs and earmarks from it, leaving the remainder for STOP grants. These deductions, including the separately authorized Transitional Housing program, reduce the funding available for STOP formula grants to states.

‡ This is a crucial source of funding for research on domestic violence, sexual assault and stalking. These funds should be restored to FY '07 levels, but funded from another source rather than as a deduction from the STOP Grant program.

± These programs provide extremely valuable services and training. They should be authorized and funded in other areas of DOJ. Authorization of the Training for Judicial Personnel (child abuse) is pending in the Office of Juvenile Justice and Delinquency Prevention in the House and Senate.

^o FVPSA, the National Domestic Violence Hotline, and the Community Initiatives to Prevent Abuse (DELTA) are authorized through the Family Violence Prevention and Services Act (FVPSA).
